WinDroid

Smart window cleaner robot

cecotec

iTech

ROBOT WITH ITECH TECHNOLOGY

Window cleaner robot designed with the latest iTech technology, for smart navigation during cleaning on any type of surface.

Features 5 cleaning programs and top power suction, capable of cleaning and drying any type of surface.

Your perfect ally for obtaining professional cleaning results!

cecotec

APP CONTROL

CONNECT WITH APP CONTROL TECHNOLOGY

Maximize control over cleaning and handle it from wherever you are through App Control.

Schedule, activate and track WinDroid robot's operating.

Extra Power Suction

¡EXTRA POWER!

Robot equipped with a powerful suction pump. Perfect adhesion on glass and windows for maximum safety.

Tecnología SteamClean Pro

THE EFFECTIVENESS OF STEAM

A revolutionary technology that emits steam bursts every 7 seconds to soften dust stuck to the glass, making it easier to remove dirt much more effectively.

This innovation, apart from de-greasing, removes bacteria and allergens. Obtain professional results and clean almost invisibles dirt with the SteamClean technology of the new WinDroid range.

cecotec

Square Design

SQUARE DESIGN

Conga WinDroid has been designed to clean any corner. Thanks to its Square Design, it is capable of cleaning corners and edges performing excellent results.

5 CLEANING MODES

Designed with 5 cleaning modes to ensure professional results, from any position and on any surface: glass, tiles, smooth surfaces, indoor and outdoor windows.
